Binq is the World's only remote system which acts as a central controlling server. To apply more than one searching engine on the search field, just place the TLD (Top-Level-Domain) of the engine you want to apply. There are two types of search fields: One is a normal search bar and the other is a search box. Please choose your choice. Downloading results from Binq are easy and much better than manual or uploading the results to Binq. And besides, you can get the best result in the shortest time. With Binq.com search engine which includes searching engines like Google, Bing, Yahoo!, Tine, Ecosia or DuckDuckGo, the potential of your Binq Marketing Project is unbounded. Binq.com search engine uses a new algorithm which promises to deliver the best results when searching for your business. Binq.com search engine may have better results than Google or Bing depending on the keywords used by your business and your market sector. The Binq.com search engine is also a highly targeted search engine which means that it will be able to bring you the results you are looking for. Finally, Binq.com search engine can also be used as a tracking tool which allows you to see the results of your campaigns on a real time basis. Binq.com is an application that can be used in a wide range of services in marketing and advertising in contrast to traditional online search engines. Binq.com is a simplified version of web search engines, yet it is more specific and allows the user to find specific results. AlBinq.com - Binq.com a search engine that gathers public search logs and compiles them in one convenient web-based location. This allows the user to perform a full al-Binq.com al-Binq.com. As a result, the user needs to use only one search engine. What a New Binq.com al-Binq.com al-Binq.com al-Binq.com al-Binq.com al-Binq.com al-Binq.com. New Binq.com al-Binq.com al-Binq.com al-Binq.com al-Binq.com al-Binq.com. New Binq.
